thrivePCI

A FICTIONAL PRACTICE

Carry a useful change forward.

Use a made-up example. Keep client evidence out.

Useful change

What helped in the checked example?

Current guidance

Where is the approved current approach?

Continuing owner

Who has accepted continuing responsibility?

Return point

When will feedback return through the normal route?

Reopen signal

What change or uncertainty needs another look?

Keep the context alive.

One check has limits.

Try the free public guide.
