A PROVIDER CHOICE PRACTICE

# Choose the service.
# Clarify the responsibilities.

Use a fictional provider choice. Keep evidence out.

Make services, duties and handoffs easier to see.

## Service and integration

Which arrangement are we actually considering?

## Compliance coverage

Does the evidence cover this service?

## Retained responsibilities

Which duties remain with the business?

## Shared handoffs

Who does what where the parties connect?

## Accepted follow-up

Who has accepted the next clarification?

## Clarify the relationship.

Check the coverage and handoffs.
